

St Anne's College

MCR Motions - General Meeting

Week 4, Trinity Term, 18 May 2022

Motion: Additional Constitutional Amendments to Address Suggestions from College Council

Proposed by: Vedang Narain

Seconded by: Riddhi Jain

This MCR notes that:

1. When the draft Constitution approved by the MCR (Week 4, Hilary Term 2022) was presented in College Council (Week 6, Hilary Term 2022), several amendments were suggested by members of Council.
2. The suggestions included:
 - A. Adding specificity to the duties of the Treasurer.
 - B. Clarifying the procedure for a no-confidence motion.
 - C. Barring associate members from serving on College (not MCR) committees without the approval of College.

This MCR believes that:

1. Securing the support of Council is an important step towards having the amendments approved by Governing Body.
2. Based on subsequent consultations with members of Council, the new draft of the Constitution addresses their recommendations.

This MCR, therefore, resolves to:

1. Address Council's suggestions by amending the Constitution to:
 - A. Add key points to the duties of the Treasurer, including a requirement to ensure a smooth handover of the accounts.
 - B. Refine the procedure for a no-confidence motion, including an increase in the number of supporters required for such a motion.
 - C. Disallow associate members from attending College committees, unless permitted by College.
2. Present the draft Constitution to Governing Body for approval.

The above list is not comprehensive and is only meant to highlight several amendments made in addition to those approved at the previous Annual General Meeting and the MCR Meeting of Week 4 in Hilary Term 2022. The amended draft Constitution can be found in Appendix A (attached separately).
